Felonies

--- I could go on & on but time is limited and I can explain better in a Hearing and/or with Counsel but there is a mountain of serious violations of International, Federal, and State Law that these Defendants have committed against me relentlessly that are of an abundance being Felony in nature so that they are actually Criminals at Large and that has me in serious danger to a very far extreme with me actually being in continuous pain from the actual physical injuries they inflicted on me sadistically and keep trying to obstruct Justice far together as I have been explaining this entire time from Case #6:20-cv-00071 to this Case at hand! I don't feel good at all! I have chest pain from enormous stress! My blood pressure is high regularly! I need the TRRs granted and should not have to present any of this to Defendants after all they have done to me! It's madness! They are ruining me and my Life! They have left me in pain on purpose with evil intention & evil motives! I need them all restrained immediately with all due respect to the Court! It should have been done long ago and now far absolutely sure!

"I declare under penalty of perjury that the foregoing is true and correct to the very best of my knowledge."
